Takeovers Panel New-Look Website

The Takeovers Panel has released a new-look website. The new website modernises the existing website and improves useability. It has additional features to the old website that enable more effective communication of Panel media releases and decisions.

One feature of the new website is that users will be able to choose the types of information they wish to receive, with an option to receive updates by RSS.

The Panel's mailing list, which currently distributes media releases by email, will be discontinued on Friday 20 February 2009. After this date, any person who was on the mailing list will need to subscribe under the website for the type of information they want to be notified of. The process is quick and easy. The service continues to be free. The link to subscribe is <u>http://www.takeovers.gov.au/Subscription.aspx</u>.

All content from the old site has been moved across to the new site. However, it is possible that there may be problems accessing some links. Reports of any such problems, suggestions on improvements or other comments can be sent to webmaster@treasury.gov.au.
